## PROFESSIONAL SUMMARY

---

Results-driven WordPress developer with 3+ years of experience in building, customizing, and optimizing WordPress websites. Skilled in creating custom themes, plugins, and web applications using React.js, with a strong focus on performance, mobile responsiveness, and cross-browser support.

## PROFESSIONAL EXPERIENCE

---

### Wordpress Developer at ProductBox

Peshawar, Pakistan

Sep 2023 - Present

- Developed custom WordPress websites and themes from Figma designs, ensuring pixel-perfect implementation and responsive layouts.
- Customized existing themes and built reusable templates.
- Integrated plugins for enhanced functionality (SEO, forms, eCommerce, etc.).
- Collaborated with design and backend teams for seamless project delivery.
- Optimized sites for performance, mobile responsiveness, and cross-browser support.

### Web Developer at SALT

Peshawar, Pakistan

Mar 2023 - Sep 2023

- Developed and maintained WordPress websites for company services and updates.
- Built a custom CMS using React.js to manage and automate tax-related workflows.
- Integrated dynamic forms and user dashboards for tax data management.
- Worked closely with the finance team to understand requirements and implement solutions.
- Ensured all applications were responsive, secure, and user-friendly.

### Freelance Work at Fiverr

Dec 2021 - Present

- Worked as a freelance WordPress developer on Fiverr, successfully completing 30+ projects for clients worldwide.
- Specialized in theme customization, building responsive websites, and plugin integration.
- Contributed to dynamic front-end development and custom web applications using React.js.
